Tim Morgan, Director
SPPACE
1201 Greenwood Cliff, Suite 310
Charlotte, North Carolina 28204

Dear Mr. Morgan:

As a legislator, I am committed to serving the best interests of the constituents of my district and the citizens of this state. In doing so, **I must view every issue from all sides.** Consequently, I stopped completing questionnaires years ago. Questionnaires tend to limit my response in certain situations rendering me unable to make appropriate decisions for changing conditions that occur in the unknown future and ultimately adversely affect the well-being of this state.

Additionally, my record as to where I stand, presently, on various issues, is available to the public on the Internet.

Sincerely,

Charlie S. Dannelly
Senate District 38
